RESOURCES

[ASTA helps sow the future of seed technology](#)

When growers plant a seed in the field, they're putting faith in a multi-year development process that is designed to deliver highly specific results, from how long it takes for the seed to grow into a plant that's ready to harvest to how the plant can resist certain diseases

[NJ Governor Murphy Authorizes 2022 Bear Hunt](#)

EVENTS

MAKE A DIFFERENCE IN YOUR COMMUNITY
Become a RUTGERS ENVIRONMENTAL STEWARD

A Rutgers Environmental Steward is a volunteer that is trained in the important environmental issues affecting their areas and acts to help solve local environmental problems.

- Weekly classes taught by leading researchers from Rutgers, government, and the nonprofit sector. Tumbler \$30 @ the agency, 8 online and 5 in person sessions.
- Prerequisite: no environmentally significant areas are excluded.
- Topics include climate change, soil science, recycling, air health, alternative energy, water quality, habitat conservation, pollution prevention, and environmental policy.
- Complete a 60-hour program in your community (to be done on-site).
- Prerequisite: \$200

Anyone can become an Environmental Steward!
No previous experience needed. You simply need a passion for the environment, a desire to learn, and a willingness to volunteer to create positive change in your community.
