

## IMPORTANT PRE-FAIR LIVESTOCK HEALTH REQUIREMENTS

---

### POULTRY HEALTH INSPECTION & PULLORUM TESTING

**Saturday, July 12, 8 am - 10 am, Lockwood 4-H Youth Center**

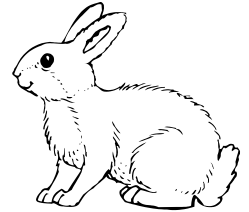

ONLY birds that have been inspected, pullorum-tested and are in good health are permitted at the 4-H Fair. Testing and inspection of poultry projects coming to the Fair will only be done at this time. Ducks and other avian projects are not pullorum-tested. They will be health checked when brought to Fair.

### RABBIT & CAVY HEALTH INSPECTION

**Saturday, July 12, 8 am – 10 am, Lockwood 4-H Youth Center.**

ONLY small animals that have been inspected and are in good health are permitted at the 4-H Fair. Inspection of rabbit projects coming to the Fair will **only** be done at this time.

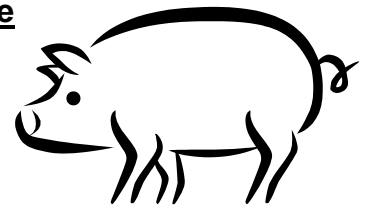

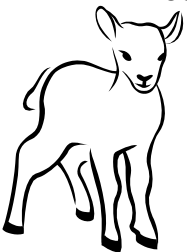

### HOG, LAMB & GOAT FARM HEALTH VISITS

**Saturday, July 12, 9 am - 2 pm. Members will be called with approximate arrival times, Vet Inspection and Health Certificates**

Designated 4-H livestock leaders will visit your farm to conduct health inspections. You will be contacted with approximate times for your visits. Health certificates will be issued by a veterinarian on Wednesday am, July 16.

**Reminder:** Please have your animals ready for visual inspection.

Call the 4-H office at 609-465-5115, ext. 3606 with questions.
